

Triquetrae Piano

Level 1: Written Skills

Simple Duple Time

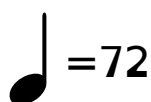

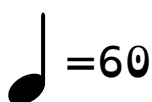

Simple Duple Time describes this time signature.

2 The top number means there are ____ beats in a bar.

4 The bottom number means that a _____ has 1 count.

The metronome helps to keep a steady pulse.
At level 1 we use 60 or 72 beats per minute.

Add a dot under each main beat of this piece from the Fluency Skill section of level 1. The first bar is done for you using a blue dot.

Now do the same activity on the piece you are playing which is in simple duple time. Try to play the piece with a metronome.
